

# ATTENTION GOLFERS!

The Golf Calcutta at the National Convention has been a highlight of fun and excitement for years, and we're committed to keeping that tradition alive! However, we've heard your feedback—some felt the financial side of things was becoming a bit too steep, especially when it came to buying a portion of their team.

So, we're making key adjustments to ensure that everyone can participate without pressure while keeping the competitive spirit alive.

## HERE'S HOW THE CALCUTTA WORKS:

- ✓ Teams will be balanced based on course handicaps for fair play.
- ✓ Teams will be revealed and then auctioned off at the Calcutta.
- ✓ Owners must pay for their teams in cash immediately after the auction.
- ✓ Anyone can bid on teams and be an owner.
- ✓ If you're confident in your team and want to own it, get in on the bidding!

## NEW PLAYER BUY-IN RULES:

- Players can still buy a portion of their team—But player buy-in is now capped at \$100.
- Your \$100 buy-in equals a percentage of the team's auction price, and payouts will reflect that percentage.
- Total player contributions are now capped at \$400 per team.

## IMPORTANT REMINDERS:

- ✓ Player buy-ins are 100% optional—NO pressure to buy in.
- ✓ Players must pay their owners before the tournament starts to confirm their buy-in. If not, it will be assumed you're opting out.

We're excited to keep this tradition going while ensuring a relaxed and fun afternoon for everyone. Let's hit the course and make this year's Calcutta the best one yet!
